& VETERANS AFFAIRS
MARTIN LUTHER KING JR. COMMISSION
JOINT COMMITTEE ON THE PUBLIC SCHOOLS
SENATE EDUCATION COMMITTEE
SENATE MILITARY & VETERANS
AFFAIRS COMMITTEE

January 21, 2014

To Whom It May Concern:

I am writing in support of *Nothing but Green Living Enterprises, LLC*. I recently had the pleasure of meeting with Councilman Nathaniel Anderson and Ron Timmons, the CEO and President of *Nothing but Green Living Enterprises, LLC* respectively.

Nothing but Green Living Enterprises, LLC specializes in floor restoration and cleaning with green products that are safe for people and the environment. Their services include stone, VCT, Wood and carpet, as well as various flooring installation. Licensed and insured in New Jersey, Delaware, Pennsylvania, Connecticut and New York, the focus of the company is to reduce the "Carbon Footprint" through the reduction of harmful floor finishes and cleaning products in exchange for safe alternative floor finishes and cleaning products.

At their meeting at my District Office, Councilman Anderson and Mr. Timmons presented their notable business model. I was further impressed by their commitment to employ our nation's veterans.

It is my pleasure to support Councilman Anderson and Mr. Timmons in their laudable endeavor.

Sincerely,

Diane Allen
